

Relocation of Interstate 195

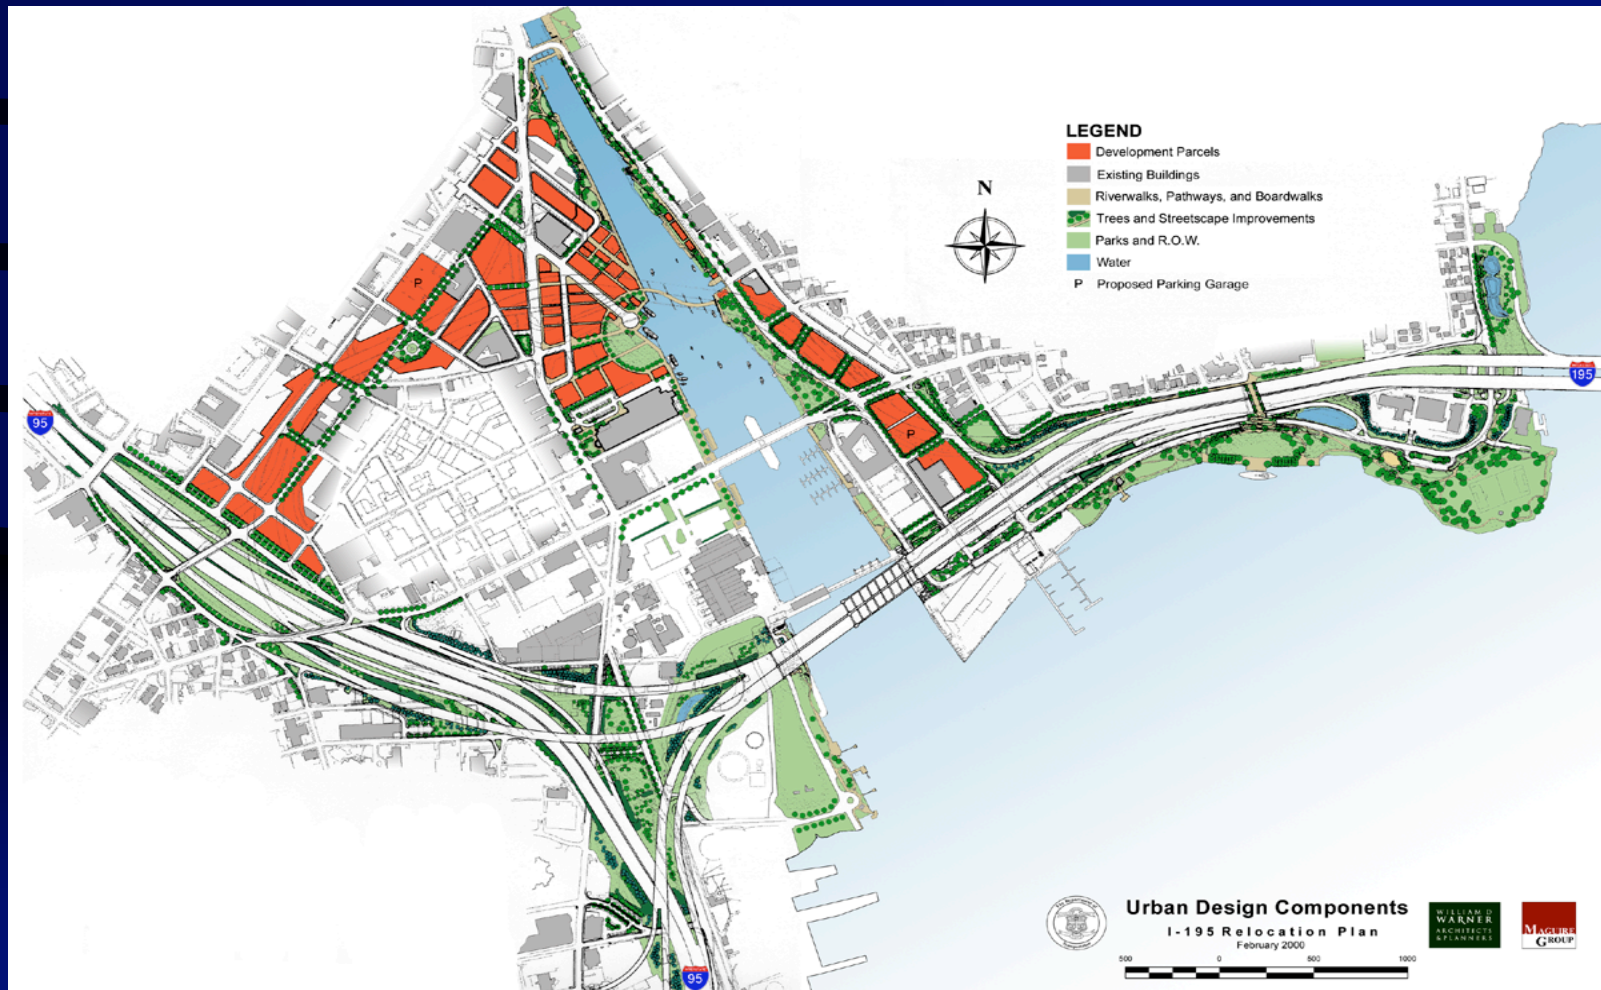

Rhode Island Department of
Transportation

Project Area Map

Transportation Improvements

- One (1) mile of new I-195
- One and a half (1 1/2) miles of resurfaced and realigned I-95
- New interchange with I-95 and I-195

Transportation Improvements (continued)

- 15 new bridges to be constructed including:
 - Numerous ramp bridges
 - 50 ft wide pedestrian bridge at India Point Park
 - Network Arch Signature Span over the Providence River (950ft bridge)

Proposed Providence River Bridge

Transportation Improvements (continued)

- Improved highway access and City traffic flow:
 - new ramps and service roads to move vehicles between downtown, the Jewelry District and the hospital area
 - redirection of traffic along Friendship Street and Clifford Street to provide east-west city passage and highway access
 - lane realignment and re-synchronization of signals along Dyer Street and Memorial Boulevard to improve the north-south traffic flow from the Davol Square area to the Downtown area

Intermodal Transportation Improvements

- Intermodal Transportation and Visitors Center
- Multi-use path for pedestrians and bicycles (both sides of river)
- Boat ramps
- Dredging of Providence River to allow passage of larger vessels

Commuter Boat Dock
